Rooted in Resilience, Growing with Innovation

40 Years of Educational Heritage in Singapore | Quality University Pathways | Leading with a Pioneering Edge

INSTITUTE LEADERSHIP

Dr. Fan Shiliang

Dr. Fan graduated from Peking University and earned a joint Master's degree from the National University of Singapore (NUS) and Massachusetts Institute of Technology (MIT), followed by a PhD from the University of Montpellier, France.

As the Chief Executive of Tembusu Institute, Dr. Fan is a serial entrepreneur, scientist and innovation ecosystem builder. With over 15 years of experience leading advanced materials technology companies, he holds 40 patents and has supported more than 20 international deep-tech startups in expanding globally.

Professor Freddy Boey

Professor Freddy Boey previously served as Deputy President and Provost of Nanyang Technological University (NTU), Deputy President (Innovation & Enterprise) of the National University of Singapore (NUS), and President of City University of Hong Kong (CityU).

He played a key role in strengthening NTU's international academic standing and advancing research commercialisation, technology transfer and university entrepreneurship.

Professor Inderjit Singh

Professor Inderjit Singh served as a Member of Singapore's Parliament for nearly 20 years and held key roles in university governance, innovation and investment management at NUS and NTU.

His experience includes 15 years on NTU's Board of Trustees, serving as the founding Chairman of NTUitive and as a former Board Member of Enterprise Singapore. He brings extensive expertise in entrepreneurship ecosystem development, university governance, industry investment and government partnerships.

Professor Leon Choong

Professor Leon Choong has over 30 years of experience in education, including more than two decades as President and Regional CEO of two leading private education institutions in Singapore.

He previously served as President of the Singapore Association for Private Education and as Secretary of a university endowment fund, supporting fundraising and development initiatives for NUS and NTU.

With extensive expertise in university partnerships, international education, government relations, institutional development and student recruitment, Professor Choong serves as a strategic adviser to the Tembusu Group CEO, providing independent guidance on academic partnerships and institutional growth.

QUALITY LEARNING ENVIRONMENT

We will be relocating to our new campus on Orchard Road, with the exact date subject to SWDA approval.

Integration of Academic Learning, Creative Exploration & Student Interaction in one campus

Creating a campus environment that encourages focused learning,
hands-on experiences and holistic student development.

The school offers comprehensive and diverse facilities, providing conducive environment for **STUDENTS' LEARNING, CAMPUS LIFE** and **PERSONAL DEVELOPMENT**:

22 Modern Classrooms + **Arts, Media & Cultural Spaces**

MODERN CLASSROOMS: 22 modern, multifunctional classrooms equipped with smart teaching technology and facilities.

SCIENCE LABORATORIES: Fully equipped science laboratories meeting international examination standards, including Cambridge A-Level and IGCSE, for practical experiments in Physics, Chemistry and Biology.

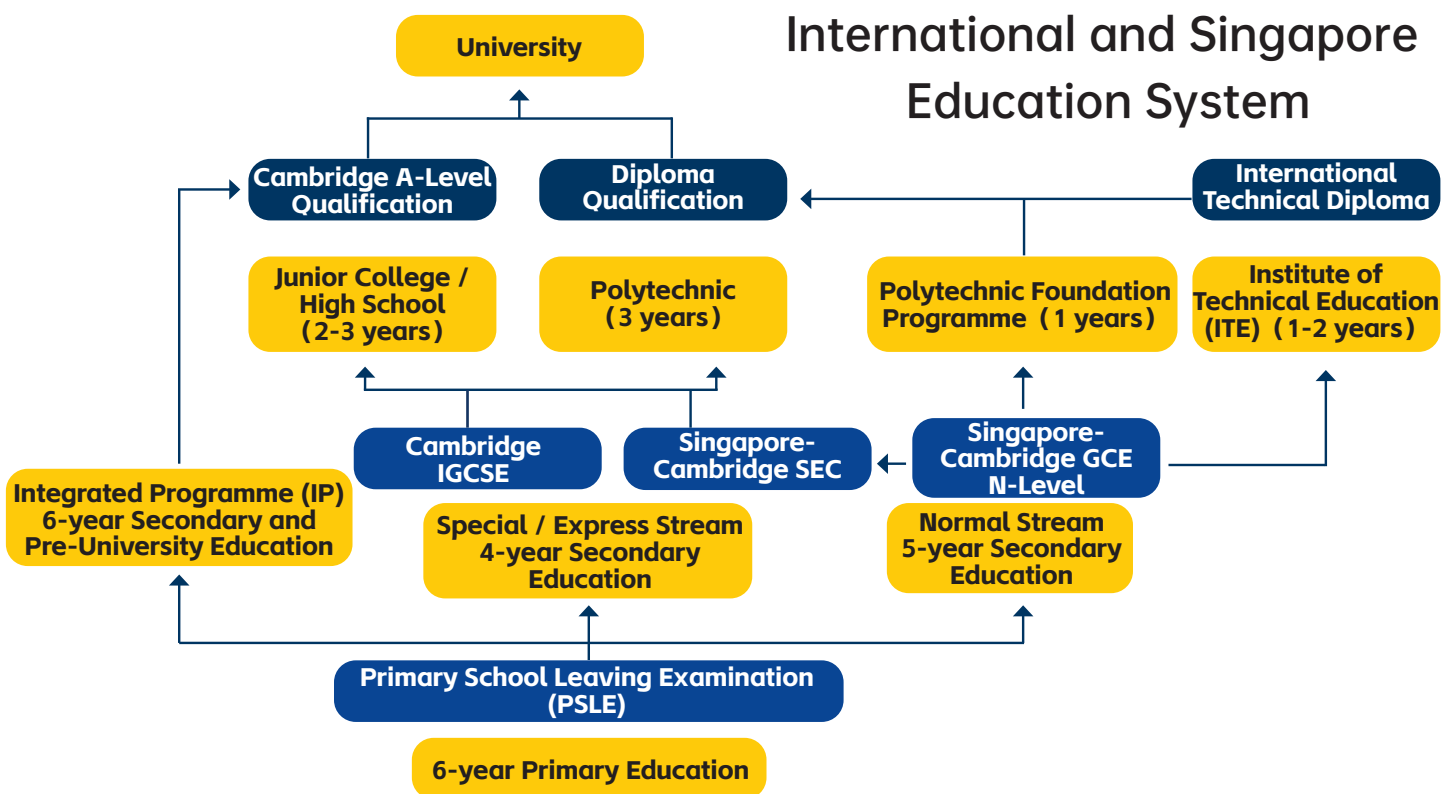

LIFESTYLE & RECREATION: An on-site gym and two campus cafés provide convenient spaces for fitness, socialising and relaxation.

CONVENIENT LOCATION: 400 metres (a 5 minute walk) from Orchard MRT Station, with excellent access to public transport and nearby amenities.

ARTS & MEDIA FACILITIES: Dedicated art and recording studios, along with a Black Box Theatre designed for stage performances and presentations.

Our AEIS, GCE O-Level, Cambridge International A Level and Cambridge IGCSE preparatory courses support students at different stages of their academic journey, from admission to Singapore government schools and secondary school advancement to international university pathways.

We provide structured, professional guidance tailored to each curriculum, examination requirements and students' academic backgrounds, helping them build a strong foundation and develop essential subject knowledge.

Our teaching combines theoretical understanding with practical application through targeted exercises, exam preparation, revision strategies and regular assessments. We focus on strengthening independent thinking, problem-solving and examination skills while addressing individual learning needs.

Whether preparing for entrance examinations, improving academic performance or pursuing international education, we help students build confidence, achieve their academic goals and prepare for future success.

Plan Ahead

We recommend planning 1–2 years in advance, especially for students who need additional support in English.

Visa & Residency

Students should hold valid long-term passes during their studies, such as a Student's Pass or Dependant's Pass.

Important Considerations

Exam Preparation

Assess your child's current academic level, develop a realistic study plan, choose suitable courses and maintain consistent learning habits.

Louise Clément
| Career & University Guidance
Counsellor

University Pathways

■ Helping Students Make Informed Choices

Since 2023, Louise Clément has supported students at Tembusu Institute with university applications, career planning and pathway exploration. She helps students identify their strengths, clarify their goals and make confident decisions about their future.

■ Guiding Students to the Right University

Louise encourages students to look beyond rankings and consider programme fit, learning environment, entry requirements, affordability and career prospects.

From researching universities to comparing admission requirements and preparing applications, she guides students in developing clear, practical plans and the confidence to take their next step.

AEIS

Course Advantages

- A pathway for international students to enter **Singapore – government schools**.
- Focuses on English and Mathematics with targeted exam preparation.
- Regular assessments and mock tests build exam readiness.
- Helps students adapt to Singapore's local education system.

Key Considerations

- Highly competitive with limited places.
- School placement is centrally allocated with limited choice.
- Requires a strong English foundation.
- Age and exam-window restrictions require early planning.

SEC

Course Advantages

- Internationally recognised, especially in Singapore and the UK.
- Strong foundation in Mathematics and Science.
- Good preparation for **A Level and polytechnic** pathways.
- Clear syllabus and assessment structure.

Key Considerations

- Rigorous curriculum with strong subject depth.
- Suitable for students planning further study in Singapore, the UK or similar systems.
- More academically focused, with less project-based learning.
- Strong exam discipline required for the annual examinations.

IGCSE

Course Advantages

- Widely recognised by universities and schools worldwide.
- Offers greater subject flexibility than SEC, with **a more manageable academic curriculum**.
- Combines examinations with coursework-based assessment.
- Strong preparation for A Level, IB and WACE pathways.

Key Considerations

- Some subjects involve practical or coursework components.
- University requirements vary by country and institution.
- Examinations are typically held twice a year.

Cambridge

International A Level

Course Advantages

- **Flexible subject choices** based on students' strengths and university goals.
- Builds subject knowledge and independent thinking.
- Widely recognised by universities in Singapore, the UK, Australia and beyond.
- Some subjects can be completed in stages through AS and A2.

Key Considerations

- Subject choices should align with university entry requirements.
- Some programmes require specific subjects, grades, interviews or portfolios.
- Assessment formats may include practical work or coursework.
- Examinations are typically held twice a year.

EXPERT TEACHING TEAM

Evelyn Chiah Vice Principal & Head of High School

Evelyn holds a Master's degree in Mathematics Education and a First-Class Honours degree from Nanyang Technological University (NTU). She specialises in Cambridge IGCSE Mathematics, Additional Mathematics, and International AS & A Level Mathematics.

She combines Singapore and Cambridge curricula with personalised teaching strategies, regular assessments and digital learning tools to strengthen students' mathematical understanding, problem-solving skills and independent learning.

In 2025, 95% of her students passed Mathematics, with 60% achieving A or A*. Through structured teaching and targeted support, she helps students build confidence and excel in examinations.

Cynthia Wong ACCA Qualified | Chartered Accountant of Singapore

Cynthia is an ACCA-qualified accounting educator and a Chartered Accountant of Singapore recognised by ISCA. With over 20 years of teaching experience, she combines professional accounting knowledge with practical teaching to build students' strong foundations in accounting.

She has taught students from secondary school to university level, specialising in Cambridge International AS & A Level Accounting (9706). Her teaching focuses on key accounting concepts, real-world business applications and targeted exam preparation.

In her accounting classes, 90% of students achieved a pass, with 50% attaining A or A*. Through structured guidance and practical exercises, she helps students improve accuracy, develop confidence and succeed in examinations.

Dr Sng Bee Bee English Teacher

Dr Sng holds a Doctorate in Education from the University of Leicester, UK, and a Master of Arts in English Studies from the National University of Singapore (NUS). She specialises in English, academic writing and research methods, helping students strengthen their reading comprehension, written expression and academic communication skills.

With over 20 years of teaching experience, Dr Sng has worked with international students from diverse cultural backgrounds. Through clear explanations, step-by-step guidance and interactive teaching, she helps students develop effective learning strategies and confidence in English.

In a 2013 course evaluation involving 39 respondents, Dr Sng scored 4.74/5 for subject knowledge and 4.72/5 for professionalism and approachability, with 92.3% rating her explanations as "Good" or "Excellent". These results reflect positive student feedback on her subject expertise and teaching effectiveness.

Parent Testimonials

Thank You for Inspiring Students Through Engaging Teaching Methods

Dear Ms Evelyn:

I would like to express my sincere appreciation for your passion for teaching and your innovative approach to education.

My child often comes home sharing exciting stories from your lessons. Rather than simply following textbooks, you bring learning to life through interactive activities, group discussions and real-world examples, making complex concepts easier and more enjoyable to understand.

I especially appreciate how you recognise each student's unique learning needs and adapt your teaching methods accordingly, encouraging everyone to participate, express their ideas and build confidence.

Previously, my child rarely talked about school lessons. Now, he enthusiastically shares what he has learnt, showing a genuine curiosity and passion for learning.

I believe a great teacher does more than help students achieve good grades — they inspire students to truly enjoy learning. You are certainly one of those teachers.

Thank you for your dedication and for creating such a positive, engaging and inspiring learning environment.

Heartfelt Thanks for Your Care and Support

Dear Ms Cynthia,

I would like to express my heartfelt gratitude for the care and support you have shown my daughter.

As a parent, it is reassuring to know that my daughter has a teacher who genuinely cares about her academic progress, emotional well-being and personal growth. Whenever she faces challenges, you are always there to listen, encourage and guide her.

I have seen my daughter become more confident, independent and willing to embrace new challenges. I truly believe your kindness and encouragement have made a positive difference in her life.

Thank you for your patience and dedication, and for making her school experience so enjoyable and fulfilling. Our family sincerely appreciates everything you have done.

Thank You for Being an Outstanding English Teacher

Dear Ms Sng,

I would like to express my heartfelt gratitude for your dedication to my child's English education.

English was never my child's favourite subject. Complex grammar, reading comprehension and writing tasks often left them confused and lacking confidence. However, under your guidance, I have seen a remarkable improvement in their attitude towards learning.

My child often shares how you make difficult grammar concepts easy to understand, patiently guiding students through reading and writing rather than simply memorising rules and answers.

I especially appreciate your focus on independent thinking and practical language skills. You have shown my child that English is not just about exam results, but also about communicating and expressing ideas with confidence.

Seeing my child read English articles independently and express their thoughts more confidently brings me great joy.

Thank you for your patience, encouragement and dedication. You have not only improved my child's English skills but also inspired a genuine love for learning.

Warm regards,
A Grateful Parent

AEIS Preparatory Course

Admission to Singapore Government Secondary Schools

Course Overview

The AEIS Preparatory Course is designed for international students seeking admission to Singapore government secondary schools through the Admissions Exercise for International Students (AEIS).

The AEIS examination consists of English and Mathematics, assessing students' English literacy, numeracy and logical reasoning skills.

Regular assessments and mock examinations are conducted to monitor students' progress and ensure they are well-prepared for the AEIS examination.

Students who pass the examination and meet the admission requirements will be placed in government schools according to arrangements made by Singapore's Ministry of Education (MOE).

AEIS Preparatory Course – Secondary School Admission

Administering Authority	Ministry of Education (MOE), Singapore
Admission Levels	Secondary 1–3
Programme Duration	6 months
Study Mode	Full-time
Facilities	Classrooms, Library, Computer Lab, Student Lounge
Core Subjects	English Mathematics

AEIS Preparatory Course – Secondary School Admission (Intensive Programme)

Administering Authority	Ministry of Education (MOE), Singapore
Admission Levels	Secondary 1–3
Programme Duration	3 months
Study Mode	Full-time
Facilities	Classrooms, Library, Computer Lab, Student Lounge
Core Subjects	English Mathematics

Age Requirements

- Aged 12–14 or above.
- Applicants must not be more than 2 years older than the appropriate age for their intended admission level.

Academic Requirements

- Completion of or a pass in Primary 6.

English Requirements

- A pass in Primary 6 English or an equivalent qualification (e.g. English proficiency at the same level in the applicant's home country), or a score of at least 40% in the Tembusu Institute English Placement Test.

Singapore–Cambridge Secondary Education Certificate (SEC) Preparatory Course — 24 Months

COURSE OVERVIEW

Singapore–Cambridge Secondary Education Certificate (SEC) Preparatory Course (From 2027, the Singapore–Cambridge GCE O-Level examination will be replaced by the Singapore–Cambridge Secondary Education Certificate (SEC)).

This course equips students with the essential knowledge and skills to prepare for the internationally recognised examinations jointly administered by Cambridge and Singapore's Ministry of Education (MOE). The qualification is widely accepted for admission to local and international institutions of higher education.

At Tembusu Institute, our qualified and experienced teachers provide comprehensive examination preparation, helping students achieve their full academic potential.

Administering Authority	Ministry of Education (MOE), Singapore
Programme Duration	24 months
Study Mode	Full-time
Facilities	Classrooms, Library, Computer Lab, Student Lounge
Core Subjects	GP (English) / Mathematics
Other Subjects	Additional Mathematics / Science (Physics & Chemistry) / Physics / Principles of Accounts / Chinese Language / Higher Chinese

ADMISSION REQUIREMENTS

Age Requirements

Applicants must be at least 14 years old.

Academic Requirements

Local Students: Completion of at least Secondary 2.

International Students: Completion of at least Year 8 or equivalent.

English Requirements

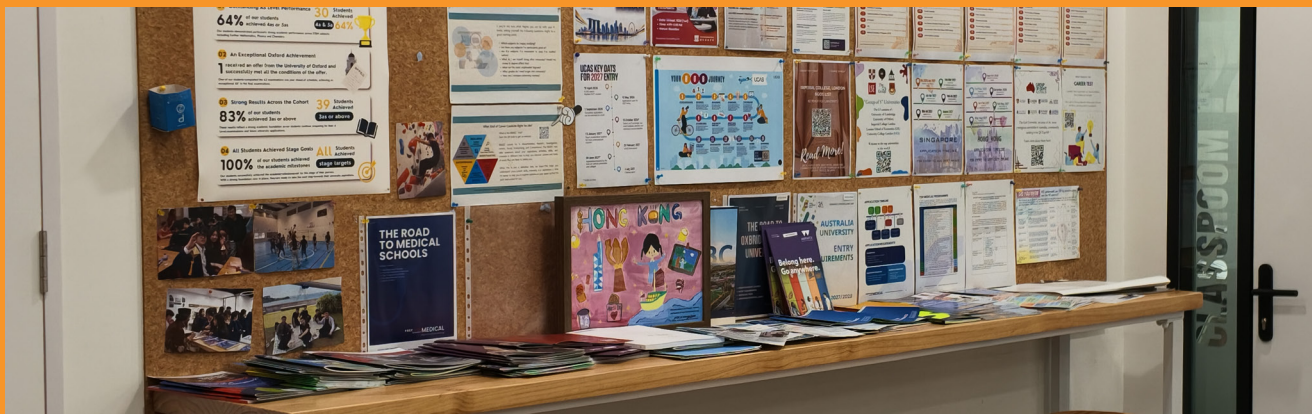

Local Students: Applicants must meet one of the following requirements

- Successfully completed and passed Secondary 2 English;
- Passed the Tembusu Institute English Placement Test, benchmarked against Secondary 2 / Year 8 English proficiency or approximately CEFR Level B1.

International Students: Applicants must meet one of the following requirements

- Successfully completed and passed Year 8 English or an equivalent course;
- Passed the Tembusu Institute English Placement Test, benchmarked against Secondary 2 / Year 8 English proficiency, approximately equivalent to CEFR Level B1.

Singapore–Cambridge Secondary Education Certificate (SEC) Preparatory Course — 12 Months

HOW TO APPLY

Required Documents

1. Local Applicants: Copy of NRIC or Birth Certificate; International Applicants: Copy of passport personal particulars page.
2. Recent passport-sized photograph with a white background.
3. Local Applicants: Academic certificates, examination results, and latest school reports or transcripts.
International Applicants: Notarised copies of highest academic qualifications and transcripts.
4. Proof of English proficiency (if applicable). Applicants may be required to take the Tembusu Institute English Placement Test.
5. Supporting documents such as parents' income statements, bank statements, or fixed/current deposit account statements.
International Students: Proof of funds of at least S\$35,000.
6. Scanned copies of parents' original passports or NRICs.
7. Scanned copy of the legal guardian's NRIC (if acting as the applicant's sponsor, where applicable).
8. Application Fee: International Students: S\$490.50; Local Students: S\$163.50. Application fees are non-transferable and non-refundable. Payable to TEMBUSU INSTITUTE PTE. LTD.
9. Bank Name: DBS BANK LTD
Account Name: TEMBUSU INSTITUTE PTE. LTD.
Account Number: 033-009679-8 (Applicable to ACT, FAST or GIRO transfers only.)

Additional Information

1. Depending on individual circumstances, our admissions staff may request additional supporting documents.
2. Only copies of the required documents need to be submitted to Tembusu Institute, except for photographs.
3. Upon approval of the Student's Pass application, the Immigration & Checkpoints Authority (ICA) may request original documents for verification.
4. Applicants must bring the original supporting documents when entering Singapore to complete their Student's Pass formalities with ICA.
5. Documents not issued in English must be accompanied by English translations and notarised or certified where required.
6. For more information on Student's Pass applications, please visit the Immigration & Checkpoints Authority (ICA) website: www.ica.gov.sg
7. All fees are exclusive of the prevailing 9% Goods and Services Tax (GST).
8. Accepted Payment Methods for Application Fees:
WeChat Pay, Telegraphic Transfer (TT), Flywire, Credit Card, Cheque, Cash, NETS, AXS, PayNow and Online Bank Transfer.
Payments are accepted in Singapore Dollars (SGD) only.
9. After making payment, please email the payment receipt to admissions@tembusuinstitute.edu.sg to notify Tembusu Institute.
